

This exploded perspective view shows the assembly 10 in three layers. The top layer includes a rectangular plate 20 with a beveled edge 30. It is secured by two screws 24, each with a spring washer 32. The middle layer consists of a rectangular plate 26, which is held in place by two screws 24a and 24b, each accompanied by a spring washer 32. The bottom layer is a rectangular frame 22. The entire assembly is fastened together by four screws 34, which pass through the top plate 20, the middle plate 26, and the bottom frame 22. The screws 34 are shown in an exploded position relative to the assembly.
